

For Immediate Release

Owen Hitchins Joins Indigo BioSystems as
Executive Director of Sales

Posted: Feb. 16, 2009

Category: Press Release

Author: Indigo BioSystems Communications

Indigo BioSystems, an emerging provider of laboratory data management solutions, today announced the appointment of Owen Hitchins to the role of Executive Director of Sales and Marketing. Hitchins will be responsible for all aspects of the company's sales and marketing.

"Indigo has reached a point in its development where adding an experienced sales executive like Owen can bring about an exciting level of growth," said Randy Julian, Indigo BioSystems President.

Owen comes to Indigo with over twenty years of commercial experience in the Life Sciences industry where most recently Owen was Director of Global Accounts for Thermo Fisher Scientific. Owen has held a variety of commercial roles in sales, sales management, marketing and product management with many of the world leading companies including Beckman Coulter, Comdisco, EDS and Thermo Fisher Scientific and consistently has delivered profitable revenue growth while exceeding customer expectations.

About Indigo BioSystems, Inc.

Indigo BioSystems, Inc. makes tools that simplify data management, improve data accessibility and allow data interchange in the life sciences. Indigo BioSystems, Inc. was founded in 2004 to provide technology to scientific research organizations allowing them to manage and interchange critical research data. Leading the creation of open format data standards, Indigo BioSystems is also enabling powerful new data analysis techniques in both basic research and regulated drug development.
